

RIVERLEE HEREFORD & ANGUS

HILL COUNTRY BRED FOR HILL COUNTRY FARMERS

bidr[®]

EIGHTH ANNUAL BULL SALE
11TH JUNE 2024 1:00PM
2354 RANGIWAHIA ROAD, MANAWATU

riverleeherefords

FOREWORD

Welcome to Riverlee, and our 8th bull sale.

Our beef sale bulls are select from cows that have proven themselves. The cows are wintered in the back hill country with the ewes and they must come out of the winter with a good condition score, they must have an excellent temperament and stand quietly and patiently when we weigh, check and tag their calf. All heifers are calved at 2 year old, any empties are worked.

Bottom line is if we wouldn't buy it we wouldn't sell it.

Thank you for supporting our sale.

Please join us for refreshment after the sale.

Murray, Fiona, Aaron, Laura and Aiden

RIVERLEE HEREFORD & ANGUS

SALE INFORMATION

To be held under cover on farm

11th June 2024 @ 1:00pm and bidr®

Selling Company:

Carrfields Livestock

Bruce Orr (Auctioneer) 027 4922122

Dan Warner 0278265768

Booking Company:

NZ Farmers Livestock

John Watson 0274941975

Brent Bougen 0272104698

CONDITIONS OF THE SALE

TERMS AND CONDITIONS

The New Zealand Stock & Station Agent's Association Conditions of Sale and, to the extent deemed relevant by Carrfields Livestock Limited (Carrfields), Carrfield's Terms of Sale apply to this sale. When proceeds are credited or a purchase is debited to a Carrfields monthly credit account, then Carrfields's Monthly Account Terms of Trade (as amended from time to time) apply to the extent deemed relevant by Carrfields. These terms can be inspected at the registration desk and on the wall in the auction room. The current versions of Carrfield's Terms of Sale and Monthly Account Terms of Trade are also available online at:

http://www.carrfields.co.nz/wp-content/uploads/2016/01/carrfields_livestock_terms_and_conditions__201510.pdf or in hardcopy on request.

REBATE WORDING

All intending purchasers must register at the sales office prior to the sale.

Purchasing rebate of 6% of the purchase price excluding GST, plus GST, to livestock companies & recognised independent livestock agents with a Carrfields account who have introduced buyers to Carrfields before the sale and/or accompanied buyers to the sale.

INSURANCE

All care taken but purchaser responsibility at fall of hammer.

HEREFORD NZ EBV's Explained

BREEDPLAN EBVs and selection indexes remove the effects of non-genetic factors (e.g. feeding regimes, animal age) from what is seen and measured to provide the best measure of an animal's genetic merit. BREEDPLAN information should always be used in conjunction with other selection criteria, including visual assessment.

A BEST PRACTICE GUIDE TO SELECTING YOUR NEXT NEW ZEALAND HEREFORD SIRE

A BREEDPLAN Guide to Animal Selection allows you to select the best genetics for your herd in four easy steps:

1. Identify the **New Zealand Hereford selection index** of most relevance to you.
2. **Rank animals** using the chosen selection index.
3. Consider the individual EBVs of importance.
4. Consider other traits of importance (e.g. visual assessment).

The majority of these steps can be undertaken online, allowing you to generate a shortlist of bulls for potential purchase ahead of sale day. The searchable version of this catalogue can be found online at www.herefords.co.nz or www.pivotdesign.co.nz/catalogues.

NEW ZEALAND HEREFORD BREEDPLAN

New Zealand Herefords publishes the following BREEDPLAN EBVs and Selection Indexes. Please note that only EBVs from the same BREEDPLAN analysis can be directly compared.

Growth EBVs	Fertility & Birth EBVs	Carcase EBVs	Other EBVs	Selection indexes
Birth Weight	Scrotal Size	Carcase Weight	Docility	Hereford Prime
200 Day Growth	Days to Calving	Eye Muscle Area	Maternal Value	Beef Heifer
400 Day Growth	Gestation Length	Rib Fat		Dairy Beef
600 Day Growth	Calving Ease Direct	Rump Fat		Scan below for more detail
Milk (Maternal)	Calving Ease Daughters	Retail Beef Yield		
Mature Cow Weight		Intramuscular Fat		

More information, including EBV descriptions and how to use them, can be found in the **Using & Understanding BREEDPLAN EBVs** booklet.

<https://breedplan.une.edu.au/media/dtqpdm34/using-and-understanding-breedplan-ebvs.pdf>

Details about the Hereford Selection indexes can be found at: <https://breedplan.une.edu.au/media/f1bh1b4n/using-new-zealand-hereford-selection-indexes.pdf>

HARNESS THE POWER OF HYBRID VIGOUR

- 12% increase in profitability with hybrid vigour
- Quicker finish and increased carcass weight
- Increased fertility & production in first cross females
 - 25.3% increase in cumulative weaning weight across a cow's lifetime
 - 17% increase in number of calves over a cow's lifetime
 - 38% cow longevity
- Hybrid vigour is the true answer to feed efficiency and sustainability

SUPERIOR BULLS CREATE SELLABLE CALVES.

GGP BOVINE 100K

The GGP Bovine 100K is a powerful tool for taurus-influenced cattle, that includes 100,000 SNP markers. With a 100K genomic profile, the GGP Bovine 100K provides accurate information on relevant production and recessive traits. This test measures the rate of genetic gain through increased breeding value accuracies.

This delivers more accurate evaluation of genetic merit, genome wide selection, comparative genetic studies, and higher density imputation. The GGP Bovine 100K includes the most informative content from popular lower density commercial arrays. Utilise the best content from the most commonly used commercial genotyping arrays, and for a low affordable price, plus comprehensive parentage, disease and trait relevant SNPs with the GGP Bovine 100K Test.

- The GGP logo is displayed on all animals that have been SNP tested (with Neogen & PBB) and included in a Genomic Evaluation, therefore shows Genomics under Traits Analysed.
- All Neogen 100K tested animals have had parentage run by PBB DNA using the Helical system. This can include both sire and dam verification.

Angus NZ EBV's Explained

TransTasman Angus Cattle Evaluation (TACE) EBVs and selection indexes remove the effects of non-genetic factors (e.g. feeding regimes, animal age) from what is seen and measured to provide the best measure of an animal's genetic merit. TACE information should always be used in conjunction with other selection criteria, including visual assessment.

A BEST PRACTICE GUIDE TO SELECTING YOUR NEXT ANGUS NEW ZEALAND SIRE

A TACE Guide to Animal Selection allows you to select the best genetics for your herd in four easy steps:

1. Consider the individual EBVs of importance.
2. Consider other traits of importance (e.g. visual assessment).
3. Identify the **Angus New Zealand selection** index of most relevance to you.
4. **Rank animals** using the chosen selection index.

The majority of these steps can be undertaken online, allowing you to generate a shortlist of bulls for potential purchase ahead of sale day. The searchable version of this catalogue can be found online here www.angusnz.com.

TRANSTASMAN ANGUS CATTLE EVALUATION

The Angus New Zealand Association publishes the following TACE EBVs and Selection Indexes. Please note that only EBVs from the same TACE analysis can be directly compared.

Growth EBVs	Fertility & Birth EBVs	Carcase EBVs	Other EBVs	Selection Indexes
Birth Weight	Scrotal Size	Carcase Weight	Docility	Self Replacing
200 Day Growth	Days to Calving	Eye Muscle Area		AngusPure
400 Day Weight	Gestation Length	Rib Fat		Heifer Dairy Terminal
600 Day Weight	Calving Ease Direct	Rump Fat		Scan below for more detail
Milk (Maternal)	Calving Ease Daughters	Retail Beef Yield		
Mature Cow Weight		Intramuscular Fat		

More information, including EBV descriptions and how to use them, can be found in the **Using & Understanding TACE EBVs** booklet. Scan the QR code for more details
<https://breedplan.une.edu.au/media/dtqpdm34/using-and-understanding-breedplan-ebvs.pdf>

Details about the Angus Selection indexes can be found at:
<https://breedplan.une.edu.au/media/bqjbnnbh/using-new-zealand-angus-selection-indexes.pdf>

April 2024 TransTasman Angus Cattle Evaluation - Percentile Bands for all 2022 born animals

Use this table as a guide to compare individual animals with the current genetic level of the breed

THE INDUSTRY STANDARD NOW HAS HIGHER STANDARDS.

**Angus GS is not resting on past accomplishments.
There's more work to be done.**

With the addition of 22,000 SNPs, Angus GS becomes the unmatched Angus specific genomic profiler. It provides greater power for traits including calving ease, birth weight, marbling, female fertility and more.

Logo displayed on all animal lots that have been SNP tested and included in a Genomic Evaluation, therefore shows Genomics under Traits Analysed. All AngusGS 75K tested animals have had parentage run by PBB DNA using the Helical system. This can include both sire and dam verification.

**Realise your operation's
full potential.**

COULD YOUR BULL FILL THIS SPACE?

Win a photoshoot and advertorial for 2025

We know your prize bull is worth putting front and centre, so enter the draw to win an interview, professional photoshoot and full-page advertorial just for your stud! Be an FMG client (or receive a valid FMG quote) and complete our short survey, and we'll put you in the draw!

Enter at fmg.co.nz/advertorial or scan QR code*

For more information about FMG Premier Bull Sales Insurance talk to your FMG Rural Manager and check our Purchaser Instruction and Insurance Slip.

*Terms and conditions apply

We're here for the good of the country.

FMG
Advice & Insurance

FMG Premier Bull Sale Insurance **FMG**

Advice & Insurance

What is FMG Premier Bull Insurance?

FMG provides automatic insurance for all bulls auctioned at an FMG Premier Bull Sale up to the value of \$50,000 for 14 days at no cost to the purchaser.

For any bull purchased over \$50,000 talk to an FMG representative.

What is the length of cover?

You will automatically be insured for the specified bull for 14 days. You also have the option to extend the length of insurance to 12 months. Simply tick the “Extend your Premier Bull Insurance” option on the Purchaser Slip. The specified bull is then insured for the remaining period of 12 months at **7.6%** of the purchase price (the sum insured for the bull). If you would like to discuss an alternative timeframe, please have a chat with your local FMG representative.

You don’t have to pay today, FMG will invoice you for this additional cover.

What are the benefits?

✓ Infertility	Cover if your specified bull has to be euthanised due to permanent infertility caused by certain accidents, disease, or illness.
✓ Theft or death	We cover your specified bull for theft or death caused by certain accidents, disease, injury, or illness (including while in transit anywhere in New Zealand).
✓ Vet costs	We cover up to \$500 for treatment of your specified bull to prevent death.

What will FMG pay?

FMG will pay the fair market value of your specified bull, less any amount you receive for the sale of the carcass, up to the amount shown on the insurance certificate.

Bull Purchaser Instruction and FMG Insurance Slip

Please complete this slip and hand to the Booking Clerk before leaving the sale. This slip **MUST** be fully completed to be eligible for the 14 days free Premier Bull Insurance.

Purchaser/Agent full name:	If purchasing on behalf of, what is your relationship to owner?			Buyer No:
FMG Client Account Number:	Purchaser's full name:			Purchaser's DOB: / /
