BULL SALE

Mitch and Morgan

welcome you to Hinewaka for our

21st Annual on Farm Bull Sale.

Welcome to our 21st on Farm Bull Sale.

We are very proud to present you 20 commercially focused bulls that we think are what the beef industry are looking for and will add value to our clients bottom line.

Here, at Hinewaka we have always strived to breed the type of cattle that have great phenotype, suitable for NZ conditions and backed up by the best Genotype available. Data is extremely important to us. Bulls for sale must have top data to back up their performance.

This year the sale line up includes bulls sired by Muridale Phantom 10F and Frasers 3N Dr Pepper 132D. Both sires has left tremendous depth and thickness through their progeny and have produced the type of cattle that the market wants.

We also have some very good bulls Sired by Hinewaka Anzac 16/20, Sprys Gigabytes N122 and Hiwiroa Kookaburra.

Hinewaka Anzac 16/20 was used over 12 R2 heifers in 2021 and has left 4 top bulls in this years sale team. These bulls have excellent phenotype with the data to match.

All bulls are semen service tested and guaranteed fertile at the time of sale. The bulls have been vaccinated and tested Negative for BVD.

All Bulls have been DNA tested and sire verified.

If you would like further information on the bulls or have any questions about our breeding programme , please contact us any time. We look forward to seeing as many of you as possible on sale day.

CONDITIONS OF SALE

Conditions for Bull Auctions Conducted Live at A Saleyard/On Farm

All intending purchasers must register at the PGG Wrightson Ltd Livestock (PGW) sales office prior to the sale.

The New Zealand Stock & Station Agent's Association Conditions of Sale apply. These terms can be inspected at the registration desk and on the wall in the auction room.

PGW's Monthly Account Terms of Trade also apply to the extent deemed relevant by PGW. The current versions of PGW's Monthly Account Terms of Trade are also available online at:

www.pggwrightson.co.nz/Our-Company/Terms-and-Conditions or in hardcopy on request.

On behalf of the vendor, PGW will pay a purchasing rebate of 6% of the purchase price excluding GST, plus GST, to livestock companies and recognised independent livestock agents with a PGW Monthly Account who have introduced buyers to PGW before the sale and/or accompanied buyers to the sale.

Disclaimer: The BREEDPLAN Estimated Breeding Values (EBVs) contained within this sale catalogue were compiled by the Agricultural Business Research Institute (ABRI) from the data supplied by breeders. Neither the NZ Shorthorn Association nor ABRI oversee or audit the collection of this data.

Please bring this catalogue to the sale.

ENQUIRIES:

Mitch Blackwood

Phone: 027 496 1462

AUCTIONEERS: PGG WRIGHTSONS

Brian Diamond - PGGW

Phone: 06 377 3311

Simon Smith - PGGW

Mobile: 027 444 0733

Fertility Guarantee All bulls in this catalogue have been semen and service tested by Guy Haines Totally Vets and are guaranteed fertile and in working order at the time of the sale. A copy of the semen and service testing will be on display on sale day.

The purchase price of any bull proven to be infertile will be refunded by the vendor, provided the bull has been kept in fair and reasonable condition by the purchaser, and the purchaser has been notified within 6 months from the date of sale. The bull will become the property of the vendor and will be disposed of at his discretion.

Feet Guarantee All bulls in this catalogue carry a feet and soundness guarantee until they are 3 years of age. Should they develop a fault which affects the bulls ability to breed, the bull is to be returned to the vendor who will refund to the purchaser a proportion of the purchase price.

The method of refund applying to the above guarantees will be that the vendor will make credit available to the purchaser via subsequent bull sales held by the vendor.

Insurance All bulls become the buyers responsibility from the fall of the hammer.

Delivery Up to \$200/bull freight will be paid by the vendor

Auctioneers and Booking Agents

PGG Wrightsons

Commission

6% will be paid to all companies introducing purchasers prior to the sale.

TB C10

BVD All bulls have been tested negative fo BVD and vaccinated.

DNA Testing

We strongly believe that future gains can be accelerated with the use of DNA testing in our cattle program. For several years we have been DNA testing all bulls and heifers.

The bulls in this catalogue are all sire verified but as yet Breedplan does not run a Genomic evaluation in the shorthorn breed.

Genomics is a useful tool but must be backed up by phenotypic data and so strict measuring is needed for all traits.

EBV'S EXPLAINED

BREEDPLAN EBVs and selection indexes remove the effects of non-genetic factors (e.g. feeding regimes, animal age) from what is seen and measured to provide the best measure of an animal's genetic merit. BREEDPLAN information should always be used in conjunction with other selection criteria, including visual assessment.

A BEST PRACTICE GUIDE TO SELECTING YOUR NEXT NEW ZEALAND SHORTHORN SIRE

A BREEDPLAN Guide to Animal Selection allows you to select the best genetics for your herd in four easy steps:

1. Identify the New Zealand Shorthorn selection index of most relevance to you.
2. Rank animals using the chosen selection index.
3. Consider the individual EBVs of importance.
4. Consider other traits of importance (e.g. visual assessment).

The majority of these steps can be undertaken online, allowing you to generate a shortlist of bulls for potential purchase ahead of sale day.

The searchable version of this catalogue can be found online at <https://www.shorthorn.co.nz/> or at Pivot Design: www.pivotdesign.co.nz/catalogues

FMG Premier Bull Sale Insurance

What is FMG Premier Bull Insurance?

FMG provides automatic insurance for all bulls auctioned at an FMG Premier Bull Sale up to the value of \$50,000 for 14 days at no cost to the purchaser. For any bull purchased over \$50,000 talk to an FMG representative.

What is the length of cover?

You will automatically be insured for the specified bull for 14 days. You also have the option to extend the length of insurance to 12 months. Simply tick the “Extend your Premier Bull Insurance” option on the Purchaser Slip. The specified bull is then insured for the remaining period of 12 months at **7.6%** of the purchase price (the sum insured for the bull). If you would like to discuss an alternative timeframe, please have a chat with your local FMG representative.

You don't have to pay today, FMG will invoice you for this additional cover.

What are the benefits?

✓ Infertility	Cover if your specified bull has to be euthanised due to permanent infertility caused by certain accidents, disease, or illness.
✓ Theft or death	We cover your specified bull for theft or death caused by certain accidents, disease, injury, or illness (including while in transit anywhere in New Zealand).
✓ Vet costs	We cover up to \$500 for treatment of your specified bull to prevent death.

What will FMG pay?

FMG will pay the fair market value of your specified bull, less any amount you receive for the sale of the carcass, up to the amount shown on the insurance certificate.

Bull Purchaser Instruction and FMG Insurance Slip

FMG Advice & Insurance

Please complete this slip and hand to the Booking Clerk before leaving the sale. This slip **MUST** be fully completed to be eligible for the 14 days free Premier Bull Insurance.
