WELCOME TO CRAIGMORE!

We welcome everybody to the 28th Annual Sale of Yearling bulls.

The Craigmore Hereford stud was established in 1970 by Bruce Henderson. The stud currently has 450+ stud cows. They are run under commercial conditions and are bred for fertility, easy calving, short gestation and prime beef. All stud cattle at Craigmore are scanned for fat and eye muscle so that we know how they will yield. This information is used in our breeding programme. **This is the fifth year that all bulls have been DNA SNP tested to ensure accurate pedigrees and to make EBVs more reliable. Plus all bulls are sire verified and genomics tested.**

In the past year over a hundred Hereford heifers have been sent to Hereford Prime and passed the specifications and achieved a premium

If you wish to view the Hereford cattle prior to the sale we will be happy to show you around, and discuss your individual requirements.

ALL ENQUIRIES WELCOME!

CRAIGMORE KEY POINTS

LOW BIRTH WEIGHT

Craigmore endeavors to produce low birth weight calves, whilst still maintaining a steep growth curve.

BOEHRINGER INGELHEIM MERIT DAIRY SIRES

Please note the current criteria for 2023.

This year we have 6 merit sires for sale.

All merit sires meet the following criteria:

- Minimum of +1.3kg for birth weight (Top 10%)
- Top 40% of the breed for 400day i.e. +58kg minimum
- Top 20% for Dairy Beef index, i.e. +\$118
- Sire birth weight EBV up to +3 kg
- Dam birth weight EBV up to +3kg
- Animals must be in the top 20% of the breed for dairy maternal selection index at +\$136 minimum
- All animals must have a minimum birth weight accuracy of 70%.
Sire and dam birth weight accuracy must be a minimum of 75%

ALL BULLS ARE:

- ✓ **DNA SNP tested to improve accuracy of EBVs.**
- ✓ Genomic tested for the polled gene.
- ✓ Scanned for EMA and fats.
- ✓ TB, EBL and Brucellosis accredited.
- ✓ Performance recorded since 1975.
- ✓ On Group Breed plan.
- ✓ Run under commercial conditions.
- ✓ BVD tested and vaccinated.

**WE ARE CONFIDENT THE BULLS ON OFFER
WILL MEET YOUR REQUIREMENTS.**

CONDITIONS OF SALE

1. CONDITIONS FOR BULL AUCTIONS CONDUCTED LIVE AT A SALEYARD/ON FARM

All intending purchasers must register at the PGG Wrightson Ltd Livestock (PGW) sales office prior to the sale. The New Zealand Stock & Station Agent's Association Conditions of Sale apply. These terms can be inspected at the registration desk and on the wall in the auction room. PGW's Monthly Account Terms of Trade also apply to the extent deemed relevant by PGW. The current versions of PGW's Monthly Account Terms of Trade are also available online at: **[www.pggwrightson.co.nz\Our-Company\Terms-and-Conditions](http://www.pggwrightson.co.nz/Our-Company/Terms-and-Conditions)** or in hardcopy on request. On behalf of the vendor, PGW will pay a purchasing rebate of 6% of the purchase price excluding GST, plus GST, to livestock companies and recognised independent livestock agents with a PGW Monthly Account who have introduced buyers to PGW before the sale and/or accompanied buyers to the sale.

2. Each lot will be at the risk of the purchaser from the fall of the hammer.
3. Notice of fertility or failure to breed shall be accompanied by a veterinary certificate and must be in the hands of the vendor within four months of the sale. Where a bull is not a breeder the purchase price without expenses will be refunded.
4. **Any bull sold requiring a transfer for use in a registered herd, be it semen or standing the bull physically, will be at a minimum price of \$5000.** The purchaser or agent must state at the fall of the hammer if a transfer is required.

GRAZING IS AVAILABLE UNTIL THE 1ST OCTOBER AT THE PURCHASER'S RISK

NOTE:

Although every care has been taken to ensure accuracy in this catalogue, the vendor, the vendor's agents and printer do not take any responsibility for any errors, omissions contained therein.

GENOMIC TESTING AT CRAIGMORE HEREFORDS

WE HAVE DONE THE WORK FOR YOU! BUY OUR BULLS WITH CONFIDENCE!

Craigmore has chosen to genomic test their bulls using a 100K SNP to help improve the accuracy of their EBVs. SNP genotypes, along with pedigree information and performance information, are incorporated into the calculation of BREEDPLAN EBVs. They assist in increasing the accuracy of an animal's EBV figures by combining observed trait data, pedigree performance data and the genomic predictions.

This DNA technology has allowed us to:

1. Parent verify all our bulls
2. Manage genetic conditions such as hypotrichosis
3. Identify qualitative traits such as whether an animal is polled or horned.
4. Make genetic improvements in production traits.

Now you will be able to use Craigmore yearling bulls with more confidence and be able to make genetic progress faster. This will add profit to your cattle business.

Neogen Australasia moved to SNP based DNA testing in September 2017. The move to SNP based testing means that we now have a far more accurate test for Poll in both taurine and indicine cattle.

Previously used Beef CRC based Poll tests would return a result and an accuracy (e.g. Homozygous Polled 98%). With SNP based Poll testing, the Poll gene can now be identified with a lot more accuracy and a description of the specific poll allele found is included as a subscript.

When reporting Poll test results from a SNP based test, the results will be reported as seen below:

Result	Interpretation	Animal's Appearance
PcPc	Homozygous Poll (PP)	Predominately Polled (occasional scurs)
PcPf		
PfPf		
HPc	Heterozygous Poll (PH)	Polled or Scurred
HPf		
HH	Horned (HH)	Horned

HEREFORD NZ EBV's Explained

BREEDPLAN EBVs and selection indexes remove the effects of non-genetic factors (e.g. feeding regimes, animal age) from what is seen and measured to provide the best measure of an animal's genetic merit. BREEDPLAN information should always be used in conjunction with other selection criteria, including visual assessment.

A BEST PRACTICE GUIDE TO SELECTING YOUR NEXT NEW ZEALAND HEREFORD SIRE

A BREEDPLAN Guide to Animal Selection allows you to select the best genetics for your herd in four easy steps:

1. Identify the **New Zealand Hereford** selection index of most relevance to you.
2. **Rank animals** using the chosen selection index.
3. Consider the individual EBVs of importance.
4. Consider other traits of importance (e.g. visual assessment).

The majority of these steps can be undertaken online, allowing you to generate a shortlist of bulls for potential purchase ahead of sale day. The searchable version of this catalogue can be found online at www.herefords.co.nz or www.pivotdesign.co.nz/catalogues.

NEW ZEALAND HEREFORD BREEDPLAN

New Zealand Herefords publishes the following BREEDPLAN EBVs and Selection Indexes. Please note that only EBVs from the same BREEDPLAN analysis can be directly compared.

FMG
Advice & Insurance

BULL-PROOF

YOUR ASSETS AGAINST RURAL THEFT.

Theft and burglaries occur more often than you might think, and the number of theft claims is increasing.

Over the last five years we have paid \$48 million in theft claims – including \$620k in fuel claims alone, that's doubled since 2019 and equates to over 300,000 litres!*

We have teamed up with NZ Police to create a Rural Crime Prevention Guide to help prevent theft and burglaries at your rural property – find out more at fmg.co.nz/rural-theft

We're here for the good of the country.

*FMG Data 2019 to 2023

FMG Premier Bull Sale Insurance

What is FMG Premier Bull Insurance?

FMG provides automatic insurance for all bulls auctioned at an FMG Premier Bull Sale up to the value of \$50,000 for 14 days at no cost to the purchaser. For any bull purchased over \$50,000 talk to an FMG representative.

What is the length of cover?

You will automatically be insured for the specified bull for 14 days. You also have the option to extend the length of insurance to 12 months. Simply tick the “Extend your Premier Bull Insurance” option on the Purchaser Slip. The specified bull is then insured for the remaining period of 12 months at **7.6%** of the purchase price (the sum insured for the bull). If you would like to discuss an alternative timeframe, please have a chat with your local FMG representative.

You don’t have to pay today, FMG will invoice you for this additional cover.

What are the benefits?

✓ Infertility	Cover if your specified bull has to be euthanised due to permanent infertility caused by certain accidents, disease, or illness.
✓ Theft or death	We cover your specified bull for theft or death caused by certain accidents, disease, injury, or illness (including while in transit anywhere in New Zealand).
✓ Vet costs	We cover up to \$500 for treatment of your specified bull to prevent death.

What will FMG pay?

FMG will pay the fair market value of your specified bull, less any amount you receive for the sale of the carcass, up to the amount shown on the insurance certificate.

Bull Purchaser Instruction and FMG Insurance Slip

Please complete this slip and hand to the Booking Clerk before leaving the sale. This slip **MUST** be fully completed to be eligible for the 14 days free Premier Bull Insurance.

Purchaser/Agent full name:	If purchasing on behalf of, what is your relationship to owner?		Buyer No:
FMG Client Account Number:	Purchaser's full name:		Purchaser's DOB: / /

Disclaimer

Please note this is only a summary of the product and is subject to our specific product documentation. For full details, you should refer to the policy document. You can get these documents, and any other information you need, from your FMG representative, by calling us or visiting, fmg.co.nz/livestockpolicy

**What are
you looking for
in a maize seed
provider?**

**“I’m looking for
innovation and
research, good
productivity and
genetics.”**

GRAY BALDWIN

185 ha in seed from Corson Maize

Gray and Marilyn Baldwin are passionate about maize - so much so they have 185 hectares of their Putaruru farm planted in a range of Corson Maize hybrids, and for good reason. They have transformed an uncertain and weather-dependent feed supply into an all-year-round, nutritious complement to pasture that provides more certainty of revenue. Why Corson Maize? With a significant amount invested in maize, they wanted a maize seed provider that aligned with their specific needs.

Come on over and grow with us.
